Supplier which offers currently the public telephone service		Public telephone service supplier to which the porting is requested	
Designation		Designation	

Subscriber agree the partial porting ⁸	
Subscriber DO NOT agree the partial porting	

⁸ To be filled in the case of multiple numbers porting .

Terms and conditions

1. The applicant has a contract in force with the provider from which the porting is requested (donor provider) for supply of public services via telephone number or numbers that are the subject of this application.
2. The applicant did not submit other portability application with the same object which has remained non-finalized.
3. The provider that will supply the telephone service after the number porting (acceptor provider) is mandated to undertake the necessary steps to terminate the contract between the applicant and the donor provider via the number / numbers for which is requested the porting. Acceptor provider is responsible to the applicant with regard to the achievement of the porting.
4. Contract with the donor provider ceases at the time of completion of the porting request. Termination of the contract between the applicant and the donor provider will observe the conditions specified in such contract. Number / numbers porting are without prejudice to any obligations of the subscriber and donor provider, arising from the concluded contract, generated and executed before its termination. In the case of mobile services for which payment is made in advance the existing credit at the porting time cannot be recovered by the applicant.
5. After porting, the applicant will keep the phone number and the service will be offered by Twilio Ireland Limited (Twilio), under a contract to supply public telephone services between the acceptor provider and the applicant.
6. The acceptor provider will notify the applicant the porting timeslot and the interruption period of the service with at least 24 hours before the start time of the porting timeslot set-up by the application. If the porting cannot be achieved, the acceptor provider will inform the applicant with at least 24 hours before the time agreed to carry out the porting (indicating the refusal reason). Telephone service will still be provided by the donor supplier.
7. The applicant may revoke the application no later than 24 hours before the time agreed for the implementation of the porting. If the revocation request is made after this time, porting will be completed and, at the request of the subscriber, a new porting process may be initiated.
8. For the number porting, the applicant will be charged with a fee of without VAT for each number ported into the network. If abandon the porting request after the deadline established under section 7 and start a new application for portability, the applicant will pay a porting fee to both the acceptor and donor provider (which after the application abandoning becomes acceptor provider).
9. The applicant accepts the possibility of a temporary interruption of service, during which no calls could be initiated, including emergency calls. This downtime cannot exceed, usually, 4 hours for non-geographic numbers for mobile services and 5 hours for geographic numbers and non-geographic numbers other than those for mobile services.
10. The applicant agrees the automatic processing of personal data, under the applicable legislation, to the extent necessary to achieve the porting.
11. The applicant states that the information provided in this application is complete and correct.

Attached documents (as the case may be):

1. ID document (copy)
2. Latest invoice issued by donor provider
3. In the case of proxy of individuals, the original mandate under private signature.
